Sign up page:

The image shows a wireframe for a sign-up page. The layout consists of a header section and a main content area. The header is a light gray bar at the top, containing a dark gray rectangle on the left, three horizontal lines in the center, and another dark gray rectangle on the right. Below the header is a large light gray rectangle representing the main content area. Inside this area, there is a horizontal line near the top. Below this line are four rows, each consisting of a horizontal line on the left and a dark gray rectangle on the right. At the bottom center of the main content area is a single dark gray rectangle.

Login page:

The image shows a wireframe of a login page. It features a header bar with a logo on the left, a hamburger menu in the center, and a user profile icon on the right. Below the header, the main content area contains a title, followed by two input fields for email and password, and a login button.
